Mass Cultural Council is a state agency that promotes excellence, education, diversity, and inclusion in the arts, humanities, and sciences to foster a rich cultural life for all Massachusetts residents and contribute to the vitality of our communities and economy.

This mission is pursued through a wide range of grants, initiatives, and advocacy for artists, communities, organizations, and schools. We work with partners in government, the cultural community, and across sectors, to increase public and private investment in the arts, humanities, and sciences. This program makes our state a better place to live, work, and visit for everyone.
